Dear Ms. Esher:

Enclosed is the State of Delaware 2014 Inspection and Maintenance Annual Report. This report fulfills Delaware's obligation under 40 CFR Section 51.366, and Delaware's associated Clean Air Act Section 105 Grant commitment.

Delaware is fully committed to meeting the requirements of 40 CFR Section 51.366. As such, Delaware has been working with the Division of Motor Vehicles in making improvements in this annual report. The improvements include reporting the total number of vehicles tested not just the total number of tests and more detailed information on a sticker based compliance documents. The attached Appendix A - "Data Analysis and Reporting Requirements" provides a cross-reference to where in the report the requirements are discussed.

If you have any questions or comments, please contact Deanna Cuccinello at (302) 739-9402.

Sincerely,
